

Team Tutors provides private test preparation with a highly experienced ISEE tutor. Our hands-on program ensures that our students have a productive and effective experience and parents remain informed throughout the process.

ISEE PROGRAM

Our customized test preparation enables us to target your child's individual needs and our strategies produce confident test takers.

- **Diagnostic Exam** - We start with a free diagnostic exam to assess each student's strengths and weaknesses.
- **Number of Sessions** - Our basic program consists of 15 ninety-minute sessions. We adjust the number of sessions and their focus based on diagnostic results.
- **90 Minute Sessions** - We recommend 90-minute sessions so students build stamina while still being able to absorb information.
- **Accommodations** – We are experienced at working with students who have approved accommodations (i.e. extra time, laptop).
- **Practice Exams** - We offer full-length practice exams in proctored group settings so students get comfortable taking a 3-hour exam in real test-taking conditions.
- **Summer Start** - We suggest students begin their ISEE prep over the summer so they are not overwhelmed during the busy school year. We offer one-week intensive workshops to get a jumpstart in particular areas.
- **School Selection** – We will help you determine best school fit and assist with crafting your applications.
- **Interview Preparation** – We teach our students to differentiate themselves and feel confident about the process.

Please contact us to reserve your free diagnostic exam and learn more about our comprehensive ISEE program.
