

ISEE FULL-LENGTH PRACTICE EXAMS

Team Tutors recommends that students take a proctored full-length ISEE practice exam in a group setting for the following reasons:

PRACTICE, PRACTICE, PRACTICE! Students should not only practice the content that will be on the exam, but they should practice sitting and taking a 3-hour exam with other students sitting in close proximity to them.

ALLEVIATE STRESS. Students gain confidence knowing they can conquer a 3-hour exam successfully. The unknown can be the biggest hurdle.

PINPOINT AREAS THAT NEED FINE TUNING. Practice tests help pinpoint those areas that students need to focus on as they get closer to the exam. The practice exam will also indicate if their pacing needs adjusting.

Team Tutors will be administering *full-length, proctored* practice ISEE exams on the following dates at 9:00 am in **Beverly Hills**:
